

Leading Healthy Cross Cultural Teams

A No-Cost Workshop Series for Educators in Multnomah & Clackamas Counties

Leaders need systematic ways to understand how culture and race shape all aspects of their work. Our goal is to build individual, interpersonal, and institutional solidarity skills and practices for leaders. Leaders will strengthen their resilience through practices focused on well-being, self- and co-regulation, and healthy cultural identity development. Participants will also develop facilitation skills to navigate cross-cultural stress, prevent burnout, and foster meaningful dialogue, active listening, and collaboration across differences.

This Series is For You If:

- You are a **Pre K-12 educator in a leadership role** supporting a cross-cultural team or helping to develop cross-cultural collaboration at your school or work site.

Complementary Course:

- This leadership series is intentionally designed to complement the Healthy Cross-Cultural Teams (HCCT) workshop for educators, but it is not a prerequisite to participate in this series.
